## eggshell collection: beige chopped eggshell

**product code**  
01-003-USO-09

**category**  
prime

**material** Eggshell and natural lacquer are traditional decorative materials in East Asia. We preserve the original technique of hand applied and hand polished eggshell and lacquer. The form and pattern of the eggshell result from different methods of working the eggshell. The eggshell may be toasted over a coal brazier for different shades of brown; it may be inlaid concave or convex; and it may be crushed, separated, chopped or sprinkled. The lacquer may be coloured and textured to give different effects and depths. The combinations of these techniques give endless possibilities.

**finishes** We finish all our surfaces by hand polishing them. The standard finish is matt. Option: High gloss (90 sheen).

**substrate** The standard substrate is 30 mm MDF. For alternatives please consult our technical specifications, [www.naturesquared.com/technical\\_info.htm](http://www.naturesquared.com/technical_info.htm).

**prices & delivery** [www.naturesquared.com/prices\\_delivery.htm](http://www.naturesquared.com/prices_delivery.htm).

**customisation** We can customise all our surfaces to meet your needs as to colour, texture, pattern, finish or size, [www.naturesquared.com/customisation.htm](http://www.naturesquared.com/customisation.htm).
